

Anti-KIAA0930 polyclonal antibody (CABT-BL2036)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Immunogen	Recombinant protein corresponding to amino acids of human C22orf9.
Isotype	IgG
Source/Host	Rabbit
Species Reactivity	Human
Purification	Antigen affinity purification
Conjugate	Unconjugated
Applications	IHC
Format	Liquid
Buffer	In PBS, pH 7.5 (40% glycerol, 0.02% sodium azide)
Preservative	0.02% Sodium Azide
Storage	Store at 4°C. For long term storage store at -20°C. Aliquot to avoid repeated freezing and thawing.

BACKGROUND

Introduction Uncharacterized protein C22orf9 is a protein that in humans is encoded by the C22orf9 gene.

GENE INFORMATION

Entrez Gene ID [23313](#)

Protein Refseq [NP_001009880](#)

UniProt ID [Q6ICG6](#)
