

# Mouse Anti-Dicofol monoclonal antibody, clone DCF (CABT-L7806)

This product is for research use only and is not intended for diagnostic use.

## PRODUCT INFORMATION

Immunogen	Dicofol with carrier protein
Isotype	IgG
Source/Host	Mouse
Species Reactivity	N/A
Clone	DCF
Purification	Affinity Purified
Conjugate	Unconjugated
Applications	ELISA, LFIA
Format	Liquid
Concentration	Lot specific
Size	1 mg
Buffer	PBS
Preservative	None
Storage	Store at -20°C.
Ship	Wet ice

## BACKGROUND

**Introduction** Dicofol is an organochlorine pesticide that is chemically related to DDT. Dicofol is a miticide that is very effective against spider mite.
