

# Mouse Anti-Cyproconazole monoclonal antibody, clone CCZ (CABT-L7810)

This product is for research use only and is not intended for diagnostic use.

## PRODUCT INFORMATION

Immunogen	Cyproconazole with carrier protein
Isotype	IgG
Source/Host	Mouse
Species Reactivity	N/A
Clone	CCZ
Purification	Affinity Purified
Conjugate	Unconjugated
Applications	ELISA, LFIA
Format	Liquid
Concentration	Lot specific
Size	1 mg
Buffer	PBS
Preservative	None
Storage	Store at -20°C.
Ship	Wet ice

## BACKGROUND

**Introduction**

Cyproconazole is an agricultural fungicide of the class of azoles, used on cereal crops, coffee, sugar beet, fruit trees and grapes, on sod farms and golf courses and on wood as a preservative.
