

Mouse Anti-Bromacil monoclonal antibody, clone BMC (CABT-L7814)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Immunogen	Bromacil with carrier protein
Isotype	IgG
Source/Host	Mouse
Species Reactivity	N/A
Clone	BMC
Purification	Affinity Purified
Conjugate	Unconjugated
Applications	ELISA, LFIA
Format	Liquid
Concentration	Lot specific
Size	1 mg
Buffer	PBS
Preservative	None
Storage	Store at -20°C.
Ship	Wet ice

BACKGROUND

Introduction

Bromacil is an organic compound with the chemical formula $C_9H_{13}BrN_2O_2$, commercially available as a herbicide.

Keywords

Bromacil; BMC
