

Mouse Anti-Fenhexamid monoclonal antibody, clone FHM (CABT-ZB053)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Target	Fenhexamid
Immunogen	Fenhexamid with carrier protein
Isotype	IgG
Source/Host	Mouse
Species Reactivity	N/A
Clone	FHM
Purification	Affinity purification
Conjugate	Unconjugated
Applications	ELISA, LFIA
Format	Purified, Liquid
Concentration	Lot specific
Size	1 mg
Buffer	PBS
Preservative	None
Storage	Long time storage is recommended at -20°C.
Ship	Wet ice

BACKGROUND

Introduction

Fenhexamid is an aromatic amide resulting from the formal condensation of the carboxy group of 1-methylcyclohexanecarboxylic acid with the amino group of 4-amino-2,3-dichlorophenol. It has a role as an EC 1.14.13.72 (methylsterol monooxygenase) inhibitor, a sterol biosynthesis inhibitor and an antifungal agrochemical. It is a monocarboxylic acid amide, a member of phenols, an aromatic amide, a dichlorobenzene and an anilide fungicide.

Keywords

Fenhexamid; 126833-17-8; Elevate; Teldor; N-(2,3-Dichloro-4-hydroxyphenyl)-1-methylcyclohexanecarboxamide
