

# Human PRDM11 blocking peptide (CDBP2370)

This product is for research use only and is not intended for diagnostic use.

## PRODUCT INFORMATION

|                            |                                                                                                        |
|----------------------------|--------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b>    | Blocking/Immunizing peptide for anti-PRDM11 antibody                                                   |
| <b>Antigen Description</b> | PRDM11 (PR domain containing 11) is a protein-coding gene. An important paralog of this gene is PRDM9. |
| <b>Species</b>             | Human                                                                                                  |
| <b>Conjugate</b>           | Unconjugated                                                                                           |
| <b>Applications</b>        | Apuri, BL, ELISA                                                                                       |
| <b>Format</b>              | Lyophilized powder                                                                                     |
| <b>Size</b>                | 100 µg                                                                                                 |
| <b>Preservative</b>        | None                                                                                                   |
| <b>Storage</b>             | Shipped at ambient temperature, store at -20°C.                                                        |

## GENE INFORMATION

|                        |                                                                                                                                                     |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | <a href="#">PRDM11 PR domain containing 11 [ Homo sapiens ]</a>                                                                                     |
| <b>Official Symbol</b> | PRDM11                                                                                                                                              |
