

# CHORDC1 blocking peptide (CDBP5297)

This product is for research use only and is not intended for diagnostic use.

## PRODUCT INFORMATION

|               |                                                            |
|---------------|------------------------------------------------------------|
| Conjugate     | Unconjugated                                               |
| Applications  | Used as a blocking peptide in immunoblotting applications. |
| Format        | Liquid                                                     |
| Concentration | 200 µg/mL                                                  |
| Size          | 0.05 mg                                                    |
| Preservative  | None                                                       |
| Storage       | -20°C                                                      |

## GENE INFORMATION

|                 |                                                                                                                                                                                                                                                                                                                                                                |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene Name       | <a href="#">CHORDC1 cysteine and histidine-rich domain (CHORD) containing 1 [ Homo sapiens (human) ]</a>                                                                                                                                                                                                                                                       |
| Official Symbol | CHORDC1                                                                                                                                                                                                                                                                                                                                                        |
| Synonyms        | CHORDC1; cysteine and histidine-rich domain (CHORD) containing 1; CHP1; cysteine and histidine-rich domain-containing protein 1; CHP-1; protein morgana; CHORD-containing protein 1; chord domain-containing protein 1; cysteine and histidine-rich domain (CHORD)-containing 1; cysteine and histidine-rich domain (CHORD)-containing, zinc-binding protein 1 |
| Entrez Gene ID  | <a href="#">26973</a>                                                                                                                                                                                                                                                                                                                                          |
| mRNA Refseq     | <a href="#">NM_001144073</a>                                                                                                                                                                                                                                                                                                                                   |
| Protein Refseq  | <a href="#">NP_001137545</a>                                                                                                                                                                                                                                                                                                                                   |

|                   |                                                          |
|-------------------|----------------------------------------------------------|
| <b>UniProt ID</b> | Q9UHD1                                                   |
| <b>Function</b>   | Hsp90 protein binding; protein binding; zinc ion binding |
