

Hydroxyproline (full length) (DAG-P2062)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

| | |
|--------------|--|
| Species | N/A |
| Conjugate | Unconjugated |
| Applications | ELISA |
| Format | Liquid |
| Buffer | Preservative: None Constituents: dH2O |
| Preservative | None |
| Storage | Shipped at 4°C. Upon delivery aliquot and store at -20°C. Avoid freeze / thaw cycles. Preservative: None Constituents: dH2O |

BACKGROUND

| | |
|--------------|--|
| Introduction | Hydroxyproline, a non-essential amino acid derived from proline, with no known therapeutic use. Hydroxyproline is used as a major component of structural proteins such as collagen, connective tissues, plant cell walls, tendons and ligaments and provides sk |
