

Vitamin C [OVA] (DAG-WT083)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Product Overview	Vitamin C conjugated with OVA
Species	N/A
Conjugate	OVA
Format	Liquid
Concentration	Batch dependent - please inquire should you have specific requirements.
Size	2 mg
Buffer	0.01M PBS, pH7.4
Preservative	None
Storage	Store at <4°C. Protect from light

BACKGROUND

Introduction	Vitamin C, also known as ascorbic acid, is a six-carbon compound related to glucose. It is found naturally in citrus fruits and many vegetables. Ascorbic acid is an essential nutrient in human diets, and necessary to maintain connective tissue and bone. Its biologically active form, vitamin C, functions as a reducing agent and coenzyme in several metabolic pathways. Vitamin C is considered an antioxidant.
Keywords	Ascorbic acid; Vitamin C; VC
