

# Hexachlorobenzene [BSA] (DAG-WT2750)

This product is for research use only and is not intended for diagnostic use.

## PRODUCT INFORMATION

Conjugate	BSA
Cas.No	118-74-1
Applications	ELISA
Format	Liquid
Size	1 mg
Buffer	PBS
Preservative	None
Storage	Store at -20°C

## BACKGROUND

Introduction	Hexachlorobenzene, or perchlorobenzene, is an aryl chloride and a six-substituted chlorobenzene with the molecular formula C <sub>6</sub> Cl <sub>6</sub> . It is a fungicide formerly used as a seed treatment, especially on wheat to control the fungal disease bunt.
Keywords	Hexachlorobenzene; Perchlorobenzene; HCB
