

## Transferrin protein [FITC] (DAGA-3175)

This product is for research use only and is not intended for diagnostic use.

### PRODUCT INFORMATION

|                         |   |
|-------------------------|---|
| <b>Product Overview</b> | Transferrin protein (FITC)  |
| <b>Purity</b>           | Transferrin protein (FITC) was purified by delipidation, selective precipitation and tandem molecular sieve chromatography followed by dialysis.                    |
| <b>Conjugate</b>        | FITC  |
| <b>Applications</b>     | IF  |
| <b>Format</b>           | Lyophilized from 0.02M K3PO4, pH 7.2, with 0.15M NaCl, 10 mg/ml BSA and 0.01% NaN3. Immunoglobulin and protease free.   |
| <b>Concentration</b>    | Batch dependent - please inquire should you have specific requirements.   |
| <b>Size</b>             | 1 mg  |
| <b>Storage</b>          | Store at 4 centigrade until reconstitution. Following reconstitution aliquot and freeze at -20 centigrade for long term storage. Avoid repeated freeze/thaw cycles. |
