

CYFRA 21-1 antigen (DAGA-793)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Antigen Description	KRT19 is also known as Cyfra 21-1. Keratin 19 is a member of the keratin family. The keratins are intermediate filament proteins responsible for the structural integrity of epithelial cells and are subdivided into cytokeratins and hair keratins
----------------------------	--

Conjugate	Unconjugated
------------------	--------------

Applications	Calibration
---------------------	-------------

Format	Liquid
---------------	--------

Concentration	Batch dependent - please inquire should you have specific requirements
----------------------	--

Size	100 µg
-------------	--------

Buffer	Cell culture medium
---------------	---------------------

Preservative	None
---------------------	------

Storage	≤-20°C. Avoid repeated freezing and thawing
----------------	---
