

Bundibugyo Glycoprotein (minus the Transmembrane Region) [His] (DAGB178)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

| | |
|-------------------------|------------------------------------------------------------------|
| Species | Bundibugyo Ebolavirus |
| Conjugate | His |
| Applications | WB |
| Molecular Weight | ~73 kDa including the His-tag, without glycosylation |
| Format | Liquid |
| Concentration | 1.59 mg/mL |
| Size | 100 µg |
| Buffer | PBS (supplemented with 10% glycerol, arginine and glutamic acid) |
| Preservative | None |
| Storage | 2-3 weeks at -20°C, -80°C long term |
