

Aminoflunitrazepam [HRP] (DAGB342)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Specificity	Each conjugate comprises antigen covalently bound to horseradish peroxide and is suitable as a tracer in immunoassay development.
Species	N/A
Conjugate	HRP
Applications	IA
Format	The conjugate is supplied as a concentrate. Dilute as required and use working strength conjugate immediately after dilution
Preservative	None
Storage	2 - 8°C for up to 3 months / -20°C for long term storage

BACKGROUND

Introduction	7-Aminoflunitrazepam is a major metabolite of Flunitrazepam. In street slang, the pharmaceutical is commonly referred to as a "roofie". It is marketed as a strong hypnotic and powerful sedative, anticonvulsant, anxiolytic, amnestic, and skeletal muscle relaxant drug is prescribed for the treatment of severe insomnia,.
