PRODUCT INFORMATION

Intended Use

This kit can be used for the determination of 11,12-DHET in serum, plasma, cells, and tissues following proper isolation and purification.

Storage

This kit will obtain optimal results if all of the components are stored at the proper temperature prior to use. Items should be stored at the designated temperatures upon receipt of this kit. All components are stored below -20°C and should not be re-frozen and thawed more than necessary.
