

Anti-HHV type 8 Minor capsid protein Polyclonal antibody (DPAB-DC4388)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Target	HHV type 8 Minor capsid protein
Immunogen	Recombinant protein corresponding to N-terminus the maltose binding protein and C- terminal the protein encoded by the open reading frame 62 (ORF62) of human herpes virus 8 minor capsid protein.
Source/Host	Sheep
Species Reactivity	HHV
Conjugate	Unconjugated
Applications	WB,
Format	Liquid
Size	250 µg
Buffer	In PBS (0.08% sodium azide)
Preservative	0.08% Sodium Azide
Storage	Store at -20°C. Aliquot to avoid repeated freezing and thawing.

BACKGROUND

Introduction	Herpesviridae is a large family of DNA viruses that cause diseases in animals, including humans. The members of this family are also known as herpesviruses. The family name is derived from the Greek word herpein ("to creep"), referring to the latent, recu
