

## Anti-Ubiquitin polyclonal antibody (DPAB-DC4849)

This product is for research use only and is not intended for diagnostic use.

### PRODUCT INFORMATION

|                           |   |
|---------------------------|---|
| <b>Immunogen</b>          | Human Ubiquitin.                            |
| <b>Isotype</b>            | IgG   |
| <b>Source/Host</b>        | Rabbit                                      |
| <b>Species Reactivity</b> | Bovine, Horse, Human, Mouse, Rat            |
| <b>Conjugate</b>          | Unconjugated                                |
| <b>Applications</b>       | IHC, ICC,                                   |
| <b>Format</b>             | Liquid                                      |
| <b>Size</b>               | 500 µl                                      |
| <b>Buffer</b>             | In PBS, pH 7.4 (1% BSA, 0.05% sodium azide) |
| <b>Preservative</b>       | 0.05% Sodium Azide                          |
| <b>Storage</b>            | Store at 4°C.                               |

### BACKGROUND

|                     |   |
|---------------------|---|
| <b>Introduction</b> | Ubiquitin is a small (8.5 kDa) regulatory protein that has been found in almost all tissues (ubiquitously) of eukaryotic organisms. It was discovered in 1975 by Goldstein and further characterized throughout the 1970s and 1980s. There are four genes in th |
