

# Anti-VLDL (native) polyclonal antibody (DPAB-DC4875)

This product is for research use only and is not intended for diagnostic use.

## PRODUCT INFORMATION

|                    |   |
|--------------------|---|
| Immunogen          | Native purified human very low density lipoproteins.            |
| Isotype            | IgG   |
| Source/Host        | Rabbit  |
| Species Reactivity | Human   |
| Conjugate          | Unconjugated  |
| Applications       | WB, IP, EIA,  |
| Format             | Liquid  |
| Size               | 150 µg  |
| Buffer             | In PBS, pH 7.5 (50% glycerol, 0.01% thimerosal)                 |
| Preservative       | None  |
| Storage            | Store at -20°C. Aliquot to avoid repeated freezing and thawing. |

## BACKGROUND

|              |   |
|--------------|---|
| Introduction | Very-low-density lipoprotein (VLDL) is a type of lipoprotein made by the liver. VLDL is one of the five major groups of lipoproteins (chylomicrons, VLDL, low-density lipoprotein, intermediate-density lipoprotein, high-density lipoprotein) that enable fats |
