

Anti-Triiodothyronine polyclonal antibody (DPBT-65921ST)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Target Triiodothyronine Immunogen Triiodothyronine (T3) derivative coupled to Keyhole Limpet Hemocyanon (KLH) Isotype IgG Source/Host Sheep Species Reactivity Human, Broad Conjugate Unconjugated Applications RIA Format Serum - liquid Concentration -5.0 mg/ml of specific antibody Size 1 ml Preservative None Storage Store at -20 °C only. Storage in frost-free freezers is not recommended. This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation before use.	Product Overview	Sheep Anti TriiodothyronineSheep Anti Triiodothyronine
Isotype IgG Source/Host Sheep Species Reactivity Human, Broad Conjugate Unconjugated Applications RIA Format Serum - liquid Concentration ~5.0 mg/ml of specific antibody Size 1 ml Preservative None Storage Store at -20 °C only. Storage in frost-free freezers is not recommended. This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation	Target	Triiodothyronine
Source/Host Sheep Species Reactivity Human, Broad Conjugate Unconjugated Applications RIA Format Serum - liquid Concentration ~5.0 mg/ml of specific antibody Size 1 ml Preservative None Storage Store at -20 °C only.Storage in frost-free freezers is not recommended.This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation	Immunogen	Triiodothyronine (T3) derivative coupled to Keyhole Limpet Hemocyanon (KLH)
Species Reactivity Human, Broad Conjugate Unconjugated Applications RIA Format Serum - liquid Concentration ~5.0 mg/ml of specific antibody Size 1 ml Preservative None Storage Store at -20 °C only. Storage in frost-free freezers is not recommended. This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation	Isotype	IgG
Conjugate Applications RIA Format Serum - liquid Concentration ~5.0 mg/ml of specific antibody Size 1 ml Preservative None Storage Storage Storage Storage in frost-free freezers is not recommended. This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation	Source/Host	Sheep
Applications RIA Format Serum - liquid Concentration ~5.0 mg/ml of specific antibody Size 1 ml Preservative None Storage Store at -20 °C only.Storage in frost-free freezers is not recommended.This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation	Species Reactivity	Human, Broad
Format Serum - liquid Concentration ~5.0 mg/ml of specific antibody Size 1 ml Preservative None Storage Storage Storage Store at -20 °C only.Storage in frost-free freezers is not recommended.This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation	Conjugate	Unconjugated
Concentration ~5.0 mg/ml of specific antibody Size 1 ml Preservative None Storage Store at -20 °C only.Storage in frost-free freezers is not recommended.This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation	Applications	RIA
Size 1 ml Preservative None Storage Store at -20 °C only. Storage in frost-free freezers is not recommended. This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation	Format	Serum - liquid
Preservative None Storage Store at -20 °C only. Storage in frost-free freezers is not recommended. This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation	Concentration	~5.0 mg/ml of specific antibody
Storage Store at -20 °C only. Storage in frost-free freezers is not recommended. This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation	Size	1 ml
stored undiluted. Should this product contain a precipitate we recommend microcentrifugation	Preservative	None
	Storage	stored undiluted. Should this product contain a precipitate we recommend microcentrifugation
