

# Anti-ArMV polyclonal antibody (CABT-BL6127)

This product is for research use only and is not intended for diagnostic use.

## PRODUCT INFORMATION

|                     |  |
|---------------------|--|
| <b>Immunogen</b>    | Antiserum is developed in rabbit using purified virus as immunogen.  |
| <b>Isotype</b>      | IgG  |
| <b>Source/Host</b>  | Rabbit   |
| <b>Purification</b> | caprylic acid purified   |
| <b>Conjugate</b>    | Unconjugated   |
| <b>Applications</b> | ELISA  |
| <b>Format</b>       | Liquid   |
| <b>Size</b>         | 200 µl, 1 ml   |
| <b>Buffer</b>       | In 0.1 M phosphate buffered saline, pH 7.4.  |
| <b>Preservative</b> | None   |
| <b>Storage</b>      | The antibody should be stored at 2-8°C. For storage longer then one year, the solution may be frozen at -20°C. Repeated freezing and thawing is not recommended. The solution may be frozen in aliquots if necessary. The antibody has a shelf-live of 2 years after date of purchase. |

## BACKGROUND

|                     |   |
|---------------------|---|
