

Mouse Anti-Parvalbumin monoclonal antibody, clone PVAD (CABT-L2557D)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Specificity	Parvalbumin
Target	Parvalbumin
Immunogen	Parvalbumin
Isotype	IgG
Source/Host	Mouse
Species Reactivity	N/A
Clone	PVAD
Purification	Purified from mouse ascites.
Conjugate	Unconjugated
Applications	ELISA, LFIA
Format	Liquid
Concentration	Lot specific
Size	1 mg
Buffer	PBS
Preservative	None
Storage	Long time storage is recommended at -20°C.

BACKGROUND

Introduction

Parvalbumin is a calcium-binding albumin protein with low molecular weight (typically 9-11 kDa). It has three EF hand motifs and is structurally related to calmodulin and troponin C. Parvalbumin is found in fast-contracting muscles, where its levels are highest, as well as in the brain and some endocrine tissues.
