

Sheep Sterile Filtered Serum (DAGC295)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Product Overview

The raw materials for these products were collected from sheep in the USA in abattoirs registered with the USDA. The animals received ante and post-mortem inspections under a veterinarian's supervision and were apparently free from infectious and contagious diseases. At no time during collection or processing was the material commingled with any other material of animal origin.
