

Anti-NNV Polyclonal antibody (DPATB-H83506)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Product Overview	Rabbit Anti-Nervous Necrosis Virus Polyclonal Antibody
Target	NNV
Immunogen	Purified grouper nervous necrosis virus particles.
Isotype	IgG
Source/Host	Rabbit
Species Reactivity	NNV
Purification	Protein A purified
Conjugate	Unconjugated
Applications	ELISA, WB, Neut
Format	Liquid
Size	100 µg
Preservative	None
Storage	Store at +4°C short term. Aliquot and store at -20°C long term. Avoid repeated freeze / thaw cycles.

BACKGROUND

Introduction	Viral nervous necrosis (VNN) is a worldwide disease among marine fishes. Fish nervous necrosis virus (NNV) causes high mortality and considerable economic damage to the aquaculture industry. In Taiwan, VNN disease was first identified in 3 species of hatchery-reared marine fishes.
